

Dear Larry & Darlene,

Happy Father's Day as I write...and Blessed Lord's Day, coming from Covington, Kentucky where Laura and I currently are. The blog will give you more information regarding our purpose for being here...and of course, there are many pictures from VOICE Philippines and VOICE Africa (and some from us) as well as updated prayer requests. Thank you so much for continuing to pray for these ministries; you are an encouragement to us and to many others.

If we can pray for you about a specific need, please let us know.

Rejoicing in His creation,

Ruth (and for Laura)

PS - This month I'm offering a video of South Sudanese refugee children singing the Purity theme song, both in English and in their own language. Please let me know if you would like to see them.
